

Investment Associate/Manager (m/w/d)

Location: Aachen | **Focus:** Life Science/MedTech/BioTech | **Start:** Immediately

We are the team behind **TechVision Fund | TVF**, based in Aachen. As an early-stage VC, we support outstanding technology startups in their early phases to solve the truly important challenges of our time. TVF is the regional ecosystem VC in the Rhineland (Germany) and the Euregio Meuse-Rhine (Belgium/Netherlands). Our approach: working in true **partnership** with founding teams – **direct, transparent, and on equal footing**. We invest starting from € 500k and accompany teams across multiple rounds with up to € 6M in capital. Our portfolio covers a variety of technology areas – including CleanTech, New Materials, Business Software, AI, MedTech, BioTech, and Life Sciences.

To strengthen our team, we are looking for a passionate individual to further develop the **Life Science/MedTech/BioTech** sector with us.

Your Role:

- **Sourcing & Screening:** Identify promising startups, conduct due diligence processes, and develop investment theses.
- **Portfolio Support:** Work closely with our portfolio companies, support them on strategic matters, and act as a sparring partner for their next growth steps.
- **Network Building:** Expand our network in Life Science, MedTech, and BioTech both regionally and internationally.
- **Teamwork:** Actively shape the future of the fund with us, contribute your expertise, and help further develop our shared ecosystem.

Your Profile

- Relevant professional experience – e.g. in venture capital, a startup, consulting, industry, or academia (PhD).
 - Preferably a background in **Life Sciences, MedTech, BioTech**, or related fields.
 - Analytical mindset combined with pragmatism and drive to get things done.
 - Enthusiasm for working directly with founding teams.
 - Strong initiative and high performance orientation – we value results over process.
 - Open, communicative personality with strong team spirit.
 - Excellent German and English skills.
 - Strong identification with our focus region and personal base here.
-

What we offer

- The opportunity to shape innovations and technologies at the forefront.
 - Direct insight into all facets of the venture capital business.
 - A dynamic, experienced team with flat hierarchies and short decision paths.
 - Significant freedom to shape your work and the chance to take on responsibility early.
 - A location in the heart of Aachen's tech region with a regional focus and international outlook.
 - Flexible working hours, mobile working options, and excellent technical equipment.
 - Attractive compensation including carried interest participation at the appropriate level.
-
